# ABOUT US

Animé Los Angeles, established in 2005, is a medium-sized, community-focused anime convention with a more moderate-paced environment where you can meet up with old friends and make new ones, while also offering an abundance of diverse programming to keep our members busy and entertained. We are run with our fans in mind with the hopes to bring people closer together while celebrating a common love of anime, cosplay and fandom.

## VISION/MISSION

Conventions are places where people meet and share their love and enthusiasm for whatever media they're passionate about. The goal of Animé Los Angeles is to foster this kind of open, supportive and fun environment to create a stronger anime-and-general-geek community in Southern California. We aim to build a welcoming community of like-minded individuals and provide them a platform to make new friends and celebrate their shared interests.

## HISTORY/MILESTONES

Animé Los Angeles was started in 2005 to offer Southern California fans a more intimate experience on the other side of the year. That first year we drew an attendance of just over six hundred. Five locations and seventeen years later, Animé Los Angeles boasts an attendance of over 18,000, and has hosted guests from Japan, USA, Canada, UK and more!

## WHAT MAKES US DIFFERENT: RIBBONS!

One of the great traditions Animé Los Angeles has incorporated from the science fiction convention scene. Both staff and members alike carry and hand out ribbons for various purposes, and these are paid for by those handing them out not by the convention. Some can be received from people with shared interests, some are earned through trivia questions or performing random acts of geekery. Sharing our interests through handing out and trading ribbons is the heart of the ribbon exchange.
